

## PWA Constructors Champ '05, '06, '07 & 2008

**PRelease**

OCTOBER 2008#2

**North Sails is PWA constructors champion 2005, 2006, 2007 & 2008**

### PROVEN PERFORMANCE

**The PWA season 2008 is over but North Sails is again in the limelight of awards!**

**North Sails is PWA constructors champion 2005, 2006, 2007 & 2008**

North Sails is very proud to get again top honors in the PWA constructors ranking. Winning this award 3 times in a row 2005, 2006 and 2007 is already the best proof for the great performance of our team and our products. But taking the 1st place also a fourth time in a row is an almost unbeatable proof, because these awards are not for individual products or for a certain rider, but represent the addition of all results of men and women in all disciplines. That is, our team, our sails, and the rig components were once again unbeatable. Considering that all those distinctions were won exclusively with serial production models, this delivers the best proof for the performance of all NORTH SAILS products.

We are absolutely stoked about this fantastic success and thank all North riders, our chief sail designer Kai Hopf and our engineers for their great job!

Special thanks go to our world champions 2008:

- Karin Jaggi PWA Slalom World Champion & Speed Windsurf World Champion
- Gollito Estredo PWA Freestyle World Champion
- Daida Ruano Moreno PWA Wave World Champion
- Cyril Moussilmani ISWC World Champion

The 2008 PWA World Tour Overall Results – Constructors Championship, sail brands (top 5).

**1st North Sails (1st in 2005, 2006, 2007 & 2008)**

- 1st Neil Pryde
- 3rd Gaastra
- 4th Simmer
- 5th MauiSails
